

Suggested Development Activities for COMMUNITY SERVICE

- Support a Studio Community Service Project Like:
 - 1000 Acts of Kindness
 - Let Them Eat Pie: A Fundraiser
- Get to know your neighbors (learn their names, invite them over for dinner or to participate in an activity with your family.)
- Think about all the different communities you belong to (family, school, religious, friends, clubs, sports, etc.) and make a list. Think about a specific benefit you get from being part of each community.
- Organize a group of friends to clean up trash, volunteer at a non-profit, or complete another community service project.
- Serve your closest community: your family. Do something kind for each member or your family this week.
